

EARN MINIMUM OF

€17k A YEAR

on fully funded programme

Would you prefer a practical route to a career in accountancy?

Then check out the **Accounting Technician Praktikum**

Accounting Technicians Ireland's earn-as-you-learn programme is now enrolling for September 2017

Work four days a week in the office and study one day a week at Monaghan Institute

You'll be mentored in the workplace and the college as you work towards our in-demand qualification

Accounting Technicians work in:

Manufacturing

Shared Services

Local and Central Government

Commercial Industry

The Health Service

Private Accountancy Firms

Financial Services

Find out more about the programme, how it works and who's hiring at www.accountingtechniciansireland.ie

The decision to return to education as a mature student was easy, as I wanted to gain knowledge and experience in Accountancy for a number of years. By the end of the first day I realised I had made a positive change to my life. The training provided by Accounting Technicians Ireland and Monaghan Institute is current and relevant, and I have been able to apply my learning in my job with CMAC Electrical LTD.
